Stage Is Set For Fete To Observe Independence Day

Mrs. Pedley Will be Given Award from 20-30 At Program

With a program of fireworks scheduled for the west end of Donner Lake Saturday evening, the 4th of July, under the sponsorship of the Truckee Chamber of Commerce, and similar event at Tahoe City under the auspices of the Tahoe City Volunteer Fire Department, this area will not be without its attractions for the forthcoming holiday.

The fireworks at Tahoe are slated to start at 9 p.m. and a program is arranged for all attending. There will be no charge and everyone is welcome.

Plans for the local program at Donner Lake were completed at a meeting of the chamber here Tuesday night at Brown's Cafe. Earl Stice announced that a test has been made for firing the explosives and everything is in readiness.

Cliff Ellis, who presided at the meeting, said the 20-30 Club is arranging for the refreshment distribution and the dancing which will follow the display of fireworks. Games for the children will start at 7:30, to be followed immediately by the presentation of a plaque to Mrs. Fred Pedley of Soda Springs who was the choice of the 20-30 to receive the award for her most outstanding contribution to the community during the past year.

This award, Ellis said, will be an annual event sponsored by the local club, with a new name to be added on the basis of uncompensated participation in community endeavor. Mrs. Pedley was chosen this year because of her activities in various organizational programs and her work as chairman of the Wyethia Club's safety committee.

Immediately after the presentation of the award, the fireworks will be discharged by Stice, Rex Reid and Oscar Quam. The balance of the evening will be devoted to dancing on the pavilion. There will be no charge, except a minimum charge for refreshments for those desiring them, and everyone is invited.

TRUCKEE SCOUTS TO ATTEND U. S. JAMBOREE SOON

Kenny Osburn and Robert Trask of Truckee Troop No. 7 attended preparatory training for the national Boy Scout Jamboree held at Auburn last weekend. Two troops from the Tahoe Area Council, made up of members from all regular troops in the tri-county area, attended the training session.

Under supervision, the boys learned to use charcoal fires, practiced fire building, knot tying and marching drill.

The two Truckee boys will represent the Scouts of the Truckee-Tahoe area at the Jamboree to be held at the 100.000 acre Irvine Ranch south of Los Angeles from July 14-25. Some 50,000 Scouts and leaders are expected to take part in the Jamboree on the 3,000 acres set aside for the Scouting activity.

ELKS HOLD MEET AT DONNER LAKE

Last Thursday night, the Nevada City Elks Lodge met at Donner Lake Lodge at the west end of Donner Lake with the officers from the county seat host to the members in the Truckee and Donner areas. Plans were made by the visitors to return to Truckee on October 22 to initiate a special Truckee area class of candidates. Exalted Ruler Beryl Robinson headed the west-end group while Joe Mattos of Truckee was in charge of arrangements.

Robinson has announced the summer vacation of the lodge, with only two meetings scheduled — July 23 and August 20.

LOCAL JUSTICE FINES ARE HIGH

Judge Fotsen Wilson of the Truckee Judicial District turned in $2,639.75 in justice court fees and fines to the Nevada County treasurer for the month of June.

Of this, $30.75 was from civil sources; $2,459 came from traffic fines; $100 from a criminal case fine; $25 from a fish and game violation, half of which goes to the state; $25 uncleared bail money.

Return from Valley—

Mr. and Mrs. Valerio Arraiz of Roseville are in Truckee to stay until early fall.

With Zwargs—

Mr. and Mrs. C. B. West and son Danny of Yuba City were guests of Mr. and Mrs. Stanley Zwarg last Sunday.

Loynd Again To Be School Board Head In District

Walter A. Loynd was re-elected president of the governing board of the Tahoe - Truckee Unified School District at the first official meeting of that group for the fiscal year held at the high school yesterday at noon as required by state law.

Fred Pedley of Soda Springs was named clerk of the board at the meeting attended by both holdover and recently elected new members who are, beside Loynd and Pedley, Reginald Smart of Truckee and Denis Sach of Tahoe City—replacing Harold Stark and V. C. Shattuck—and Tom Lucas of Kings Beach.

The board voted to continue holding the regular meetings on the second Tuesday of each month at 8 p.m. at the office of Superintendent E. V. O'Rourke in the high school building, the next meeting scheduled for July 14.

CHARLES HELLER NEW PRESIDENT OF LOCAL LIONS

The meeting of the Truckee Lions Club at Donner Lake Lodge last night was featured by the induction of new officers. Frank W. Gaiennie conducted the installation ceremony.

The new officers are headed by Charles Heller president. Earl K. Stice is first vice president; Floyd Carnell, second vice president; Roy Waters, secretary; Dick Little, treasurer; Stan Songer, Liontamer; Howard Newsham, tailtwister; Carl Bechdolt and E. V. O'Rourke, directors.

Gaiennie, on behalf of the club, presented Angelo Besio with a past president's pin in appreciation of his good work. Guests of the evening were Rev. S. C. Winston, Bill Walton, Frank L. Titus and Frank Angeli.

LODI COUPLE WED AT TAHOE SERVICE

TAHOE CITY— Father P. J. O'Neill officiated at the wedding ceremony at the Corpus Christi Church at Tahoe June 28 which united Miss Mary M. Siegfried of Lodi and Roy H. Yarborough, also of the San Joaquin city.

The bride's maid was Miss Mary Cain of Napa and the best man was Ralph Gaffingo of Acampo.

Following a honeymoon at the lake, where they occupied a summer home of the bride's parents, Mr. and Mrs. Francis S. Siegfried, at Homewood, the couple will make their home near Lodi.

TRUCKEE MAN OPENS STABLES

Dave Medford, widely known Truckee man, has opened a riding stable at Donner Lake and has a string of horses for rent. Medford said most of the horses are gentle with a few single-footers for those who desire a more spirited animal. He will rent the horses out by the hour, day or trip and will arrange scenic excursions, hunting and fishing trips.

Medford is thoroughly experienced in the work he is undertaking and is well acquainted with the country surrounding this community.

The horses are located at the Donner Lake Stables at the west end of the lake.

NELSON RETURNS TO NAVY DUTY

Dr. and Mrs. L. D. Nelson and son, Doug, left here Tuesday for San Francisco, where the former reported to his Navy station after a brief visit with friends here. Dr. Nelson said that on a recent trip to the Orient he met Dr. Robert Affeldt, former Truckee dentist now with the Air Force, on his ship, the latter going to Japan.

VACATION PARTY PLANNED BY O.E.S.

The July 7 meeting of Truckee Chapter No. 116, Order of the Eastern Star, is being planned as a vacation time party for all officers of the order. Visiting members of the lodge are cordially invited to attend.

Former Truckee Pastor Dies In Auto Accident

Memorial Rites on Sunday For Grant Keetch At Gonzales

Memorial services will be held at 2:30 p.m. Sunday in Gonzales, south of Salinas, for Rev. Grant J. E. Keetch, 69, former pastor of the Truckee Community Church, who was killed in an automobile accident June 6 near Upland.

Rev. Keetch and his wife, Clara, were en route to the University of Redlands to see the graduation of their son, John. Mrs. Keetch was injured critically.

The Keetch family left here more than ten years ago and he occupied the pulpit at Susanville for some time before going south. He was pastor of northern California for 20 years, among them being Glenn, Glenn County, and Truckee.

The rites will be held in the Gonzales Community Baptist Church where he had been pastor for the past four years.

Beside his wife, Rev. Keetch leaves two daughters, Mrs. Lois Morris of Sacramento, Mrs. Mary Satterlee of Summit City, Shasta County, and two sons, John and George, the latter of St. Louis, Mo.

BOAT RACES WILL BE FEATUREE AT DONNER LAKE

Preparations are being completed for the holding of the annual boat races at the west end of Donner Lake on Sunday, July 12, starting at 10 a.m.

Each year this event attracts some of the best drivers in the west and the program promises a lot of thrills for the spectators. Bill and Jean McCarty are arranging the schedule of events which will conclude with a big barbecue at 4:30 in the afternoon.

SUNSHINE GIRLS PLANNING PICNIC

Donner Council No. 13, Pythian Sunshine Girls, met Wednesday evening, Royal Princess Sharon Pace presiding. Plans were made for a picnic and party to be held at Donner Lake Sunday July 26.

The next initiation date has been set for August 5. All offices of the council were filled by the newly installed officers.

SANDRA WARDMAN FETED AT PARTY

Sandra Wardman, daughter of Mr. and Mrs. John Wardman, was feted at a party at her home here Friday, June 26, her 8th birthdate. A pink birthday cake centered the festive table and ice cream and punch were enjoyed by the following guests:

Linda Elf, Patty Finnegan, Mary Ann Miller, Diane Kaspian, Kathryn Barrett, Kathleen Curran, Kittie Ellis, Karen Smart, Hal and Bonnie Wardman. Patty Simpson, a guest from Concord at the Wardman home, also attended.

CHAMBER HERE IS INCORPORATED

SACRAMENTO —(CNS)— Articles of incorporation for the Truckee Chamber of Commerce are on file with Secretary of State Frank M. Jordan. Directors are C. H. Ellis, H. Newsham and Rex Reid, all of Truckee.

JUDGE RULES IN LOCAL LAND CASE

Superior Judge James Snell has ruled that the state of California has no right to dig test holes on property owned by the Truckee Public Utility District west of here to determine the content of the soil beneath the surface.

The decision was given in the state's action to condemn 74 acres of land near Donner Lake for use as a gravel pit. The condemnation action will be heard this fall. The land in question is that recently purchased from the district by G. E. Lewis, local contractor.

Sun Beams

by WALTER BARRETT

The forthcoming holiday weekend promises to set a new record in travel over the local highways and for that reason more than ordinary care in driving should be used. There will be a lot of drivers on the road who should never have been issued a license and others who will take chances that a fool would avoid, so in order to keep the Wyethia Club's white flag flying—indicating there were no wrecks in the area—it will be wise to presume that all other drivers are road hogs and dangerous. Take it easy, slow and carefully.

* * * *

The slide area at Emerald Bay which is limiting travel over the west shore highway at Lake Tahoe is detrimental to business in that district. The fact that a division of highways official has indicated that the division of beaches and parks may prove the stumbling block in bridging a portion of the bay to provide a safe and adequate passage should not be taken as final. The division of beaches and parks is no more nor less a part of our state government than the division of highways, and if the safety of travelers and the interests of some of the biggest taxpayers in the region are affected, then there must be a sensible solution to the problem. We hope that a "pass the buck" attitude will not interfer with what is necessary and proper. If a bridge is required to correct this hazardous condition, then a bridge should be built. Travel over the lateral generally shows justification for the passage and whether it be through the division of highways or the division of beaches and parks matters little just so long as the State of California takes steps necessary to correct a sorry situation. We believe every organization in the region should support a project to urge permanent repair on this short piece of highway.

TRUCKEE WIN IN BASEBALL GAME WITH RENO NINE

Truckee's baseball team, on an independent schedule this season, broke into the win column here Sunday before a sparse crowd of home towners. They defeated the Legion Post 10 team of Reno 9 to 3. After getting three hits and two runs in the first, the visitors were effectively throttled by pitcher Bert Munson for the rest of the afternoon.

Truckee batters put together 11 hits for the nine runs. Ed (Nuke(Frates, playing in the outfield Sunday after holding down third and catching in the first two games, again was the heavy slugger getting three hits in as many trips to the plate. Munson and Bill Campbell hit twice each, R. Galli, Burt Domgaard, Al Wakefield, Layne Farrar each got hits.

Manager John Rau said there will be no game here Sunday, July 5, but that contests are scheduled on the following two weekends. He also said that local support of the team is lagging. He points out the team is "on its own" this year and its only sources of revenue are contributions from the fans and sales at the refreshment stand. So far, the team is in a financial hole and, Rau said, deficits will either have to be made up from such receipts or carried by the ball players themselves.

NORMAN SALOMONS PARENTS OF GIRL

Mr. and Mrs. Norman Salomon became the parents of their third child on June 22 at Monterey, where Salomon is stationed with the U. S. Navy. The little girl weighed 6 pounds, 8 ounces at birth and has been named Tina. The mother is the daughter of Mr. and Mrs. N. F. Dolley.

GETS PROMOTION

Arthur D. Chloupek, member of a prominent pioneer Truckee family, has been promoted from assistant manager of the First National Bank at Sparks to manager of the First National Bank at Tonapah, Nevada.

Tahoe Road Is Discussed With State Officials

Highway Official Requests Aid in Securing Right-of-Way

HOMEWOOD— A proposal for Placer and El Dorado Counties to participate in the cost of bridging Emerald Bay was presented at a meeting of the highway committee of the Sacramento Valley Council, state chamber of commerce, at Homewood Resort last Thursday.

Members of the committee met with state highway officials and several members of three chambers to discuss highway problems, of which the blocking of Highway 89 around Emerald Bay by an earth and rock slide was a major topic.

A. M. Nash of Marysville, district engineer for the state division of highways, told the group of the dangerous condition at the slide which requires the convoying of vehicles between 8 a.m. and 8 p.m. with traffic halted at other hours. He said it cannot be determined now whether the road may be opened to normal traffic again.

As to bridging Emerald Bay, he said it would be necessary to pass through state park property and he believes a permit would be difficult to obtain.

Fred Main, president of the Lake Tahoe-Sierra Chamber of Commerce, and resort owners between Tahoe City and Emerald Bay spoke of the loss of business as the result of restrict travel. They proposed the bridging of the bay be assigned an emergency highway project status.

State Senator Swift Berry of El Dorado County asserted highway funds of El Dorado County are not adequate for such a project, whereupon the resort owners proposed Placer County participate in the cost. (ejv)

ANNUAL WYETHIA TEA PLANNED AT GATEWAY HOME

The annual silver tea of the Wyethia Club will be given on Thursday, July 23, between 2 and 5 o'clock in the afternoon at the Gateway Park home of Mrs. I. Firpo. The details of the affair will be discussed at the July 3 evening meeting of the club as well as an old timers' day, a country fair and meeting time for the arts and crafts section of the organization.

Mrs. Fred Pedley, president, will tell of her recent trip to Washington, D.C., as a safety award winner and show slides in color of eastern scenes.

Friday evening cyclone bridge will be a diversion, followed by the serving of refreshments by Mesdames Oscar Schumacher, Earl Stice, Elden Tonini, William Curran, Earl Brown, Wayne Philippi.

THEME ANNOUNCED FOR CHURCH HERE

"Immorality is not True Patriotism" is the theme of the service to be given Sunday, July 5, at 9:30 a.m. in the Community Methodist Church, according to the announcement made this week by Rev. Sidney Winston. Church School will follow at 10:45 a.m. This change in the order and hours of Sunday services will prevail until further notice.

An hour of moving pictures, entitled "The Two Kingdoms," will be shown in the edifice at 7:30 p.m., particularly for young people.

Church School will precede the sermon service at the Kings Beach Community Methodist Church on July 5, to begin at 9:45, the service starting at 11 a.m. The same moving picture will be shown on Youth Night, Monday, July 6, in the lake church, beginning at 7 p.m.

Euers at Valley—

Mrs. Bob Euer and Mrs. Ann Ode are at the Circle E Ranch in Euer Valley for the summer. Bryce Euer plans to bring his cattle from Folsom to the valley.

From South—

Mr. and Mrs. Pete Zydner of Bakersfield have arrived here to remain for the summer.

Driver Charged By Brother Of Accident Victim

Manslaughter charges growing out of fatal automobile crash two miles east of Truckee on the morning of June 17 have been filed in the Truckee District Court by Russell Haddy of Nevada City, a brother of Richard Albert Haddy, 46, who was fatally injured in the headon collision.

The defendant is George Sage of Oakland who has been in this area for the past several weeks and who was cited by the highway patrol following the crash for reckless driving, being on the wrong side of the highway and not having his vehicle under control. Bail on the latter misdemeanor charges was fixed by Judge F. W. Wilson at $500 while $1000 bail is required on the manslaughter count.

The preliminary hearing for Sage is being delayed, Judge Wilson said, since the principal witness, Frank Terrill, Sacramento, is a patient in the Tahoe Forest Hospital with a broken hip as a result of the collision. Terrill was the driver of the vehicle in which Haddy was riding when he was killed.

Wilson said Sage has asked the court to appoint an attorney to represent him as he is without necessary funds. Wilson named Robert Schiffner of Nevada City. District Attorney Vernon Stoll is expected to handle the prosecution.

Highway Patrolman Martin Sturcke said Sage was apparently traveling at an excessive rate of speed when the cars collided.

LAST RITES FOR MRS. PASSENETTI ARE HELD HERE

Requiem High Mass for Mrs. Salumina Passenetti, 72, a resident of Truckee for 35 years was held at the Catholic Church Wednesday morning at 9 a.m. following a rosary at the Truckee Colonial Morturary Tuesday at 8 p.m. Interment was in East Lawn at Sacramento.

Mrs. Passenetti, a native of Italy, died here Monday morning following a brief illness.

A brother resides in San Francisco and a sister and nephew at Sacramento.

FRANK MILLER OF TRUCKEE EXPIRES

Mass for Frank J. Miller, 54, employed at a local resort for the past two months, who died at a Nevada City hospital Monday morning was held at the Catholic Church Tuesday morning at 10 o'clock. Burial was in the Truckee cemetery.

Miller was a native of Tahiti. So far as can be learned he left no close relatives. The Truckee Colonial Mortuary was in charge of the arrangements.

BORNEMANS ARE PARENTS OF SON

Mrs. and Mrs. Tom Borneman are receiving congratulations upon the arrival of their second son on Wednesday, July 1, in Tahoe Forest Hospital.

The lad's name is James and he tipped the scale at 7 pounds and 12 ounces at birth. Dr. George Hahn is the attending physician.

GIRL SCOUTS ARE SELLING COOKIES

Girl Scouts and Brownies are taking orders for their annual cookie sale, continuing to the week of July 12. Some of the members of the groups will go to Donner Summit and Tahoe City where they hope to add to their order lists.

BROCKWAY MAN GOES TO JAIL

KINGS BEACH— Bernard A. Gallagher of Brockway was sentenced to serve 90 days in the Placer County jail Tuesday by Judge Harry Charrison after being found guilty on an assault and battery charge filed by his wife, Sigred. Judge Charrison refused the defendant's request to be allowed to leave the community to avoid the jail sentence.

District Proposes Buying Truckee Water Interests

$15,000 Price Will Be Paid In Installments To Tonini

The board of directors of the Truckee Public Utility District Tuesday voted to purchase the Truckee Water System from Elden Tonini for $15,000.

E. L. Loynd, president of the board, said the purchase price will be paid off in installments following the down payment of $5,000. The purchase must be approved by the state utilities commission.

The action was taken following a lengthy study of the proposal to consolidate the various water systems in Truckee under the utility district. At present four independent concerns—the utility district, the Truckee Water System, Sanders' Water Company and Andrea Armati—are distributing water to customers. Purchase of the Tonini concern brought that major water system into the utility district. It is believed the Truckee Water System is serving nearly as many customers as the utility district, and no doubt has the majority of the business firms down town.

Tonini purchased the system he has operated for the past several years from Matt Green, former owner of Tahoe Tavern, now residing at Sacramento. It has a pure spring on the hill near Hill Top Lodge from which water is supplied to the mains.

Contracts and agreement are being drawn up at the present time.

SEVERAL WRECKS MAR TRAFFIC ON LOCAL HIGHWAYS

A headon collision between a car and a pickup truck in front of Trailsyde Lodge on Donner Summit Friday afternoon sent four people to the Tahoe Forest Hospital for treatment.

Cars driven by Carmencita Guild of Grass Valley and Helmut Schlosser, New York, crashed when, according to State Patrolman Martin Sturcke, the former turned out to pass a third car and met Schlosser headon.

Beside the two drivers, Donald George of Grass Valley, a passenger in the Guild pickup, and Carl Sagmuller, riding with Schlosser, were injured. The injured were transported to the hospital by the Truckee Ambulance.

Woman Injured

Mrs. Etta Mehdy, San Francisco, was taken to the hospital with major injuries when a car driven by her husband, Mirza, got out of control and overturned on the Brockway cutoff just south of Truckee Sunday morning. Mehdy was treated for minor injuries and was cited by Patrolman Sturcke for not having his vehicle under control.

Under Bail

B. Allen Rives, 34, Reno, was cited for drunk driving and placed under $300 bail by Judge F. W. Wilson after his car overturned on the highway a mile and a half east of Truckee Sunday morning at two o'clock. The driver and his passenger, Joseph Williams, 35, Reno, were both treated at the local hospital. The latter was fined $50 by Judge Wilson for violating the county's sobriety ordinance.

Brakes Fail

Two people were injured slightly and treated at Tahoe Forest Hospital by Dr. George Hahn this morning when a car in which they were riding with Fritz Anderson, Redwood City, was sideswiped by another car driven by Harmon H. Adams, Oakland, near the top of Donner Grade.

Mrs. Ella Anderson and Mrs. Hildegard Hartung had minor injuries. Adams told Patrolman Sturcke his brakes failed and he could not avoid hitting the second car after which he ran into the rear of a truck driven by Reese B. Walton, Wichita Falls, Texas, and then crashed into a large rock beside the road.

CATHOLIC PARISH TO PRESENT SHOWS

The Catholic Parish embracing Truckee, Tahoe City and Kings Beach, will present dinners and shows on Sunday, July 12, for a nominal sum, at three prominent entertainment centers at Lake Tahoe. This was announced this morning by Father Ronan Brennan, assistant pastor.

The Cal-Neva show, starring Arthur Lee Simkins, will start at 10 p.m., the Cal-Vada show will begin at 8:30, starring Frankie Lane, and the entertainment at the North Shore Club has not yet been announced. All three are in the Crystal Bay-Brockway area at the north end of the lake.

Back in Mountains—

J. Alameda is back at his Donner Lake place from Los Altos for the time being.

NORTH TAHOE

by THELMA BURROUGHS

Talk about surprises, The Burroughs couldn't have been any more surprised than when their dear little freind, Vivian Wilcox of San Antonio, Texas, walked in with her husband, Andrew Jergins, last Thursday. We hadn't seen her since she was a little girl 14 years ago. Like most honeymooners and other vacationists at Tahoe, the Jergins are sold on the lake.

* * * *

The first annual luncheon af the Lake Tahoe-Sierra Chamber of Commerce—consolidation out of the former Lake Tahoe Chamber of Commerce and the Tahoe-Sierra Association—was held at Brockway Hotel last Friday. Following the delicious meal, President Fred Main introduced Host H. O. Comstock, who spoke a few words before turning the meeting back to the president, who in turn introduced Wm. Clayton of the state chamber of commerce.

Clayton gave a short history of the formation of the first chamber of commerce in this country many years ago when a group of merchants got together in a New York beer hall. Clayton emphasized the fact that a chamber of commerce is not by nature a service club but a rather selfish organization. Its primary function is to develop ways and means of providing honest and fair profits for all in business. It is a promotional organization in which all interested persons must take part. It is not an organization, Clayton stated, for those who cannot believe in its merits and he stressed the need for a successful chamber of commerce at Lake Tahoe.

Cass Kennedy, secretary of the state highway commission, came in for some comment on a proposed bridge across Emerald Bay. At a dinner at Homewood Resort the evening before, Kennedy had been called to task about the convoy section of Emerald Bay road as it exists at present by persons affected by it. Kennedy emphatically stated that the road is not safe and will be closed when necessary. He also stated that it is up to the people of this area to get in and do something to rectify the situation. There is money available for such construction as an Emerald Bay bridge, he said, but it must be requested. Revised budget for roads construction for 1953-54 and 1955 is $5,300,000—half a million ahead of New York.

Tom Armstrong not only talked on membership but brought in 35 new individual memberships from the Wagon Wheel on the south end. George Kehlet of Meeks Bay spoke on combined membership, advertising and cooperation.

Following introduction of guests, Manager Carrol Raymond pointed out the value of publicity and promotional programs, having at her command the proof of its value in the form of secured publicity for Lake Tahoe that will be worth thousands of dlolars—all without cost to the chamber. Main talked on the Lake Tahoe "Gold Cup" boat races which will be an annual affair, to be held the week following Labor Day.

* * * *

Supervisor Frank and Jean Paoli of Applegate visited with friends at Lake Tahoe last weekend. He represents this area on the Placer County board of supervisors.

KOREA VETERAN WINS PRO FLIGHT IN LAKE TOURNEY

Bobby Harris, young Watsonville professional recently home from the Korean war, took top pro honors at last weekend's mammoth Cal-Neva golf tournament at Lake Tahoe. He added up 69 and 64 rounds for a 133-stroke total.

Amateur titlists for the meet—with gross scores of 137 each—were Bob Silvestri, Henry Seiler, both of Daly City, and Jim Ferrie of Long Beach. Mrs. Ferrie took the women's matches with a 147 gross.

Tourney action wound up Sunday, after attracting an entry list which was announced at more than 400. The Damon Runyon Cancer Fund was a beneficiary of the play, which was held on three courses. The women were at Glenbrook while the men divided their 18-hole rounds between Tahoe City and Brockway courses.

Best single round of the tournament was 63, carded by Bob Cardinal of San Francisco, former Stanford collegiate star.

Harris had to come from behind to overtake Willie Barber of Burbank, first day leading pro, who held a first round 65 but slipped to 72 on the Brockway course on Sunday. John Kemper, San Francisco, was one stroke behind Harris with a 134—66 at Tahoe City and 68 at Brockway. One stroke away from him with 135 was Zell Eaton from Montebello.

A hole-in-one contest was won by Earl Swink who placed the pill within two feet 1¾ inches of the pin on the ninth hole at Tahoe City. However, a tournament play ace was chalked up by Ned Snodgrass of Glendale on the 185-yard second hole at Tahoe City.

Other leaders were Class A amateurs, net score, Seiler; Class B amateurs (6-8 handicap), Ray Bradford, Salt Lake, and Bill McCallum, Sacramento, tied at 132; Class C amateur (9-12 handicap), Marlin Reed, San Diego, 124; Class D (13 and over handicaps), John Carroll, Seattle, 121.

At the Brockway course Saturday, the popular movie comedian, Bob Hope, teed off with some of the west's best golfers, while on the Tahoe City course on Sunday, bandmaster Bob Crosby—brother of Bing—golfed with various visiting celebrities. A specially built band wagon from Cal-Neva, patterned after San Francisco's cable cars, motored back and forth over the lakeshore highways with a musical loud speaker.

There were 36 top awards in all. There were four first prizes of equal value awarded the four top-notchers. These consisted of four quarters of a steer—prepared for barbecue. (ejv)

VITAMIN P

A hitherto unknown substance, Vitamin P, said to have the ability to check bleeding persons afflicted with haemophilia, has been isolated from paprika pods.

NOTICE OF SALE OF AUTOMOBILE BY LIEN CLAIMANT

NOTICE IS HEREBY GIVEN that pursuant to Sections 427 and 428 of the Vehicle Code of the State of California, the undersigned RAY SORANI, will sell at public auction at U. S. Post Office, Soda Springs, California, at 10 o'clock A.M. on the 16th day of July, 1953, the following described property, to wit:

Cadillac 1941 sedan, license No. 7B 93181, motor number CALN-162427; Legal owner Pacific Finance Corp., 928 Van Ness Ave., San Francisco, California. Registered owner Michael Nardella, 344 Janes St., San Francisco, California.

Said sale to satisfy a lien claimed by the undersigned for storage and repairs in the amount of $130, together with the costs of advertising and expense of sale.

July 2, 1953.

Signed: RAYMOND J. SORANI

NOTICE TO TAXPAYERS

NOTICE IS HEREBY GIVEN that the Board of Supervisors of the County of Nevada, State of California, will sit as a Board of Equalization on Monday, July 6th; Monday, July 13th; and Monday, July 20th, 1953, for the purpose of equalizing the assessment rolls of the County of Nevada.

NOTICE IS HEREBY FURTHER GIVEN that any taxpayer of said County of Nevada who desires to file any objection to his assessment as made by the County Assessor, may appear before said Board of Supervisors on any of the above dates, between the hours of 10 o'clock A. M. and 4 o'clock P. M., and present his objections. If no person appears and objects to said assessment, said assessment will remain the same as set forth in full on the rolls of Nevada County as prepared by the said County Assessor.

Freedom Comes From God

By Charles Fahy, Former Assistant U. S. Attorney General

The Fathers of the Declaration of Independence felt the necessity of basing their decision upon lasting principles. The remarkable character of these men is proven not only by the enduring quality of the principles they expressed, but also by the fruits of their work—our own country. Its greatness is built upon the foundations these men laid. In laying these foundations they turned to God.

They turned to God on four separate occasions in the formulation of the Declaration of Independence. In the opening sentence they referred to the equal station to which Americans were entitled among the powers of the earth by the laws of nature and of nature's God. In these words they recognized that nature and the laws of nature are derived from God.

"We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain inalienable Rights, that among these are Life, Liberty, and the Pursuit of Happiness." In this one sentence they recognized that the source of life, liberty, and happiness is the Creator of Man.

The authors of the Declaration then appealed to the Supreme Judge of the world to witness the rectitude of their intentions. God, they recognized, was not only the source of nature and of nature's laws; not only the Creator who endowed man with certain inalienable rights; He was also the Supreme Judge of the world and of themselves. They accordingly laid their case before Him.

Finally, as the Declaration draws to its conclusion, they pledged their lives, fortunes and sacred honor, "with a firm reliance on the protection of a Divine Providence." God was also the Divine Protector.

The great enterprise was thus launched, and America took her place among the nations of the world upon the basis of this declaration of supernatural faith.

The superior quality of the Declaration resides in its principle that the relation of man to God establishes the true relation of man to man and between man and government. When a government, dominated by atheism, seeks to forcibly change the unchangeable relationship between man and God, man is deprived of his inalienable rights, and government becomes false to its nature.

Our duty is to make certain that the principles of the Declaration are securely in our own minds and hearts and that we live up to them ourselves and increase their influence everywhere.

† Paulist Feature Service, Washington 17, D. C.

63 PER CENT LIVE IN OWN HOMES IN NEVADA COUNTY

The 1950 Census of Housing enumerated 7,932 dwelling units in Nevada County, California, according to final figures announced by District Supervisor Jack W. Traerse Jr. of the bureau of census.

Of the 7,932 dwelling units in the census year, 6,592 were occupied at the time of the enumeration, made in the spring. Of the occupied dwelling units, 4,142 or 62.8 per cent were occupied by owners.

Of the total dwelling units in the county, 85.7 per cent were single-dwelling unit detached structures; 25.3 per cent were in structures built in 1940 or later, and 72.8 per cent had hot running water, private flush toilet and were not dilapidated as measured by structural conditions and plumbing facilities.

The median value of one-dwelling unit non-farm structures occupied by owners was $5,625. The median monthly contract rent paid by non-farm renters was $32.

PINE INDUSTRY CONTINUES GOOD

SAN FRANCISCO— The Western Pine Association's weekly report on production, orders and shipments shows the industry well ahead of last year in all respects.

Production continues 14 per cent ahead of the same period last year while orders are up eight per cent and shipments have increased nine per cent.

For the week ended June 13, on the basis of figures supplied by 112 mills, production was 76,397,000 feet compared to 73,482,000 feet the preceding week. Orders were 76,212,000 feet compared to 69,364,000 feet for the previous week and shipments totaled 77,970,000 feet compared to 72,653,000 feet.

NEVADA COUNTY SETS NEW RULES FOR ROAD WORK

NEVADA CITY— Copies will be made available at the court house of the new specifications adopted by the Nevada County board of supervisors for construction of county roads and subdivision roads and streets.

The principal changes from the old specifications are, according to Road Commissioner Charles J. Smith:

1. Instead of required a 40-foot right of way from persons wishing to deed roads to the county, the county except in extraordinary cases will require a 60-foot strip.
2. The maximum grade of an acceptable road is changed from 10 degrees to 12. Cars and trucks of today can take the increased grade, Smith says.
3. The acceptable radius of a turnaround is increased from 60 to 100 feet. The increase is "to discourage dead-end roads."
4. A permit must be obtained from the road commissioner's office by anyone wishing an entrance to his property line from a county road. He must provide the material for a pipe and any headwalls required. These must follow county rules as to size. This section is intended to prevent damage to county roads by insufficient drainage due to inadequate pipes.

SIERRA CLUB

The Sierra Club was founded in 1892 "to explore and enjoy the mountain regions of the Pacific Coast; to publish authentic information concerning them; to enlist the support and cooperation of the people and the government in preserving the forests and other natural features of the Sierra Nevada."

CARRY A BAG

Carry a paper bag in your car. Use it to collect trash instead of throwing it out along the highway. Help keep California's highways clean.

'BEST FOR LESS'

My Place In the Sun

by DOUG BARRETT

As far as businesses closing on Saturday, July 4th, in Truckee is concerned.....there appears to be no community-wide policy.....insofar as I can determine, some will and some will not.....one thing for sure, branches of the Bank of America will.....and according to a current ad, this Saturday closing will become a permanent banking policy in California henceforth..... Noticed in a Sacramento paper where Anna Filipcic was one of the top two in an open pairs bridge tournament.....sponsored by the Capital Bridge Club last week..... she and her hubby, Tony, will be well remembered here where they were long-time residents until a few years ago.....are still property owners and often visit.....Had occasion to be in Nevada City Monday morning.....and found several other Truckee men around the county seat on various missions..... including Supervisor Henry Loher, Cecil Edmunds, Rex Reid, Hap Warnke and Mike Richards..... there was something fishy with the board of supervisors.....the board, District Attorney Vernon Stoll, Counsellor Bob Schiffner and myself were guests at a luncheon at which the main course was a big link cod.....caught of the Farralone Islands by Supervisor Curtis Clark of Nevada City.....a really tasty bit that.....The stretch of land in front of the Ralph Daniels residence on West Main is now bordered by two signs near the highway.....to greet the hurrying traveler.....on the east a giant "Used Cars" for Osburn's Garage.....and on the west "Antiques" for Bill Porter.....A thought to help President Cliff Ellis get a few more members into the Truckee Chamber of Commerce.....just remember, you've never seen a banana skinned that stuck to the bunch.....Skippy and Peg Ferdinand have deserted the ranks of the tenants and joined the tax-paying home owners.....in the process of buying Vina Clepper's "other" house in Meadow Park..... and well pleased with the idea..... Charlie Heller, who smokes cigarettes and collects pipes.....more sensible than smoking pipes and collecting cigarettes.....received an addition to this collection from Dr. Larry Nelson.....who sent it to him from a Naval duty tour to Japan.....a beautifully designed, decorated merschaum job that Charlie prizes very highly.....Rolland "Sunny" Gautsche has donned a uniform for the red, white and blue.....of Standard Stations, Inc.

YWCA CAMP AT TAHOE IS OPEN FOR 1ST GROUP

Reno men turned out this year to get the YWCA camp at Lake Tahoe ready for another season. It was a lot of work but they got it done in time.

The YWCA summer camping season opende last Sunady and the first of four seasons will last to July 5. The others will be from July 5 to 12, from July 12 to 19 and from July 19 to 29.

Many improvements have been made at the camp where the "Y" girls spend their vacations. A new water system has been laid, rewiring has been accomplished, a new stove has been provided, water heaters have been installed and the front porch and dining areas have been repaired.

While the committee of menfolks worked on these projects, their wives aided by cleaning the lodge and cabin and did many other jobs to help make the camp ready to operate.

Mills Back—

M. F. Mills of Sacramento has returned to Truckee for the summer.

FINE PROGRESS IS SHOWN ON CEMETERY JOB

TAHOE CITY— Constable Harry Johanson, chairman of the work committee at the Tahoe City cemetery, is finishing up on the five-weeks job there this week. He has brought about a great general improvement since he took over as cemetery custodian.

Johanson started the work there, with a helper, as soon as the snow had melted away, to clean up in general and add repairs to the long neglected graveyard. First improvement was a complete new picket fence around the cemetery. Then paths were leveled and rock bordered between the graves, later to be heavily graveled. As many as possible of the unmarked graves were identified and headed with redwood slabs, capped with copper, to preserve them.

There were 43 used lots in the cemetery. Twenty-six graves out of the 43 had their markers broken down or had never been marked. These were furnished with the redwood markers. Johanson painted names and dates on 18 of these and on the other eight he painted the single word "Unknown." Redwood for the markers was donated by the Truckee-Tahoe Lumber Co.

Funds for the hiring of workmen and other expenses were derived from donations by the Women's Club of Tahoe, N. R. Mayfield, the Village Store, Jack and Dinty's, Tahoe Novelty Shop, Fred Main and Kehoe's store. (ejv)

COUNTY OFFICERS DISCUSS PROBLEMS WITH TAHOEITES

TAHOE CITY— The Placer County Planning Commission and Board of Supervisors had two busy days at Tahoe City and Kings Beach last Thursday and Friday. They heard complaints and recommendations, investigated a reported encroachment on a public road, improvements on other roads and settled an issue of septic tank vs. public sewer line.

On the latter issue, H. O. Comstock agreed to the annexation of a short strip of his Brockway golf course bordering the county road —the Brockway short cut to Truckee—to the North Tahoe Public Utility District and to connect sewage disposal from his new club house on the golf course to the district's sewer line.

John Jamieson of Auburn, with the state division of housing and health, told of the increasing hazard to health as the result of house trailers being parked along highways and on lats in built-up areas. He proposed a county ordinance that would require a special permit to use a house trailer outside established trailer courts. He distributed samples of his proposed regulations for study by the planning commission.

The supervisors found the public road obstruction at Kings Beach had been removed. The group investigated the need for repairs on the county road from Highway 89 to Squaw Valley Friday afternoon before returning to the county seat. Meetings on both days were held at the Tahoe City community center hall. (ejv)

Swenson Shifted—

Commander H. R. Swenson, who had been stationed at the armed forces staff school in Virginia, recently has had a change of address to Memphis, Tenn.

NEVADA SEEKING HIGHWAY BIDS AT SOUTH TAHOE

Bids for construction of more than seven miles of highway from the Nevada-California line to one-fourth mile north of Cave Rock at Lake Tahoe will be opened by the director of the Nevada highway department at 1:30 p.m. July 9 in Carson City.

All the proposed project lies in Douglas County on the southeastern shore of the lake. Bid forms and other information may be obtained from the state highway offices in Carson and the division office in Reno. Plans, forms of contract, specifications and other documents also may be examined in the San Francisco office of the division of public works and Associated General Contractors offices in Reno, Los Angeles, Boise and Salt Lake City.

Specifications on the proposed project call for widening the existing primary highway with two feet of trench beyond the existing surface, laying a new base and resurfacing 7.33 miles of the road.

CAPT. BOB GILBERT BACK FROM ORIENT; NOW IN WISCONSIN

Captain and Mrs. Robert Gilbert and family have left Japan where he has been stationed for many months to return to Wisconsin State Teachers College in Milwaukee, where he has a position. The family is well known in this vicinity, where he taught school at Tahoe City before re-entering the army.

McCOYS AT LAKE AFTER LONG TOUR IN FOREIGN LANDS

PINELAND— Mr. and Mrs. C. A. McCoy, who will be returning to Pineland in July, recently came back to their Oakland home following two months of a combined business and pleasure tour through Europe.

The travelers took over 2,000 feet of colored moving pictures and several hundred slides to retain the beauties of Switzerland, Belgium, Holland, Italy and the French Riviera. The McCoys compared Switzerland with the Lake Tahoe region and thoroughly enjoyed the annual Keukenhof in Holland, where a gorgeous array of tulips was viewed by the visitors.

Oregon was the second ranking producer of hops in 1952.

CHAMBER HEARS HIGHWAY TALKS, BOAT RACE PLANS

BROCKWAY— The annual get-together luncheon of the Lake Tahoe-Sierra Chamber of Commerce held at the Brockway Hotel last Friday, with H. O. Comstock as genial host, was attended by representatives of various businesses of the lake region, Truckee and Reno. Eighty-eight members and prospective members were on hand.

William Clayton of Sacramento, manager of the Sacramento area council of highways and recreation, spoke on the origin of the first chamber of commerce, during the rule Napoleon, telling how the organization was crushed by that ruler and then reorganized to grow and broaden its functions through the years until now both large and small communities depend on their chambers of commerce for business advancement.

R. C. Kennedy, secretary of the state highway commission at Sacramento, spoke on past financial difficulties in highway building and explained a recent legislative act that would presently relieve many highway deficiencies.

Thomas Armstrong of Bijou, chairman of the chamber's membership committee, reported the gaining of numerous new members and spoke briefly on the great need for a solid membership all around the lake for the success of the organization.

Fred Main, president of the lake chamber, closed the meeting with the release of information on the Lake Tahoe Gold Cup motor boat races to be held here for two days in the second week of September. He said he has been meeting with various nationally top speedboat racers and there are so many of them entering that it is sure to take at least two days to run off the various classes. He said an important feature of the two-day event will be a Woman's Championship, in which top ranking drivers will compete. A list of all known and anticipated drivers is now being compiled at the office of the Lake Tahoe-Sierra Chamber of Commerce for later release.

Stanley Dollar Jr. is known to be one of the foremos' racing authorities aiding Main in arranging the events. (ejv)

BEARDSLEYS OPEN THREE OFFICES IN REALTY BUSINESS

TAHOE CITY— Mr. and Mrs. Charles Beardsley of Pineland have opened their real estate office at the Tahoe City bridge for the summer. They are assisted this year in the sales department by Mrs. Bessie B. Milner, former Berkeley realtor, and by Robert Ham of Menlo Park and Mrs. Mildred Hahn of Oakland.

They are operating their Pineland office and one at the new Lake Forest Terrace tract for the convenience of the public.

Recent transactions include the sale of the Henry Jorgenson home in Pineland to the Gordon Butterfields and the sale of the Paul Miller home to the Jorgensons.

Dick Schieck of Marin County was the purchaser of the first 1953 Wonder Home erected by Beardsley and Bert Anderson in Pineland and Robert Williams of Oakland bought the lot next door. A large ad elsewhere in today's Sierra Sun tells about the advantages of the Pineland Wonder Homes. (es)

LEMON LEADER

California produces all of the nation's commercial lemon crop.

CUB SCOUTS RECESS AT T. C. 'TIL AUGUST

TAHOE CITY— Mrs. Neal Marvin of Tahoe Park, Den Mother of the Cub Scouts here, this week announces that for various reasons—which include expected company during July and the departure of several of the Cubs with their families on vacations—meetings will be adjourned until August.

Mrs. Marvin has been calling for the boys each Tuesday and taking them to her home, where following the meetings, the boys have been taken on outings. On May 21 she organized the group with six boys — Jerry Grimstead, Albert Gilmstead, Joe Sheehan, Parky Bechdolt, Danny Connors and her son, Michael Marvin. Since then, Bruce Scott has joined making a membership of seven. The first meeting featured a taffy pull and others included several field trips during which the youngsters fished, went gold panning and played Robin Hood following a picnic.

Young Gilmstead, who is 11, graduates into the Boy Scouts in August. Other youngsters of the area over the age of eight will be eligible to join when meetings reconvene but Mrs. Marvin will have to solicit the help of other mothers in carrying on the activties as she too expects to become busier as the summer progresses.

Dates of the August meeting will be published later. (es)

SKI MEET SLATED AT SQUAW VALLEY

TAHOE CITY— Squaw Valley will stage its 4th annual mid-summer ski derby Sunday, July 5, starting at around 3:30 p.m. The Squaw Valley Ski Club is the sponsor for the FWSA approved giant slalom. It is open to A, B, C and open classes, senior class and a special guest class. The public will be welcome. (es)

HELPING to create more business and more jobs

Efficient utility services help serve your District in many important ways. By assuring low-cost electric power and an adequate water supply, these services help develop valuable existing businesses and to attract new ones. Thus more business is done, more jobs created and greater prosperity is achieved for all. Your District, in providing efficient, low-cost water, light and power, helps you and helps business.

CHECKS PROPOSED FOR COUNTY BILLS

It is possible that in the future Nevada County may pay its claims on checks instead of the traditional warrants now being used.

The board of supervisors has instructed Lyman Straine, certified public accountant, to make a study of the possibilities, report on the cost and analyze the advantages and disadvantages of such a change over. Straine said many counties are using the check system instead of warrants as it is less confusing.

Traveling Tahoe Folks Report on Gautemala

by the C. O. VALENTINES
as related to
ETHEL J. VERNON

We have just returnde from a trip to another world—a world of ancient ruins, dating back to the first and second centuries A. D. and peopled by the descendants of the Mayan race that built those old temples and pyramids, and developed the oldest civilization yet discovered in North America.

On earlier trips to Mexico City, we had heard frequent references to the scenic beauties of Guatemala, and the fascinating archaeological discoveries in Yucatan, so we decided to make these the objective points of this "voyage."

We hopped down to Mexico City early in March via Pan Am Clipper and spent a couple of weeks revisiting the scenes of former trips, and touring with a native driver who was familiar with the history of the country — to other localities new to us.

Off Again

Then, at 6:30 one morning, we boarded the Clipper again for the flightea st, over the lower end of the gulf of Mexico, to Yucatan where we spent several days amongst the ruins of "Uxmal" and "Chichen Itza" and were thoroughly briefed on the lore of the ancient Mayans by their modern descendants, our guides. That country now produces a large part of the sisal fibre from which our ropes and cordage are made. At Chichen Itza our hotel bungalow was patterned after the oval-shaped native houses—stone walls, thatched roofs and all—but equipped with completely modern and luxurious furniture and plumbing. The meals were excellent, as they were everywhere in Central America.

(I, H.B.V., am typing this for C.O.V., and just want to add a few details of our experiences with those thatched roofs, not mentioned by him! They let in insects—all harmless—but not desireable as bedfellows! When we went to our bungalow at night, we found the maids had been in and lowered mosquito netting over the beds. I wondered why, but found out in the morning! I must have left an opening in mine and in had come a grasshopper and a thousand-legged worm. I didn't mind the hopped but I resented the worm! And, C. O.V. had raised his netting and took chances but not a bug or a worm had come near him.)

Continuing C.O.V's description of our trip:

On to Guatemala

Our next "hop" was about 600 miles south and west to Guatemala City—two hours by Clipper. We few at 17,000 feet because the mountains are all high in Guatemala and there are many of them. It's as though all the mountain ranges that flow north and south through the U. S. and Mexico are crowded together here in the bottleneck of Central America, like the Sunday traffic on a boulevard. We learned much more about these mountains in the next week, as we toured through them and over them on our way to the villages and volcanoes that dot the country.

We crossed several 10,000 feet summits and occasionally could look down into the craters of dead volcanoes.

This country was taken over by the Spanish immediately after its discovery and many of the 15th and 16th century buildings are still in use—particularly in Antigua, their first capital.

Chichicastenango

The gem of all the ancient Mayan towns is Chichicastenango, where all the local travel is by foot and burro. The Sunday market brings several thousand natives to town, carrying their fruits and vegetables and hand made wares on their heads and shoulders in baskets and packs, also their

From where I sit ... *by* Joe Marsh

Bad Case of the "Ztutters"

Our copyboy is out sick. So the editor (me) is taking over some of his chores—which include running the addressing machine on "mailing-out night."

Last week I didn't have the usual number of papers left over for sale at the office. Couldn't figure what had happened—until Chub Zimmer called to ask why he'd gotten *56* copies.

Then I realized—"Zimmer" is the last name the machine prints. Guess I forgot to turn it off ... and it just kept grinding out Chub's name on all the remaining copies. That machine just didn't know when to stop.

From where I sit, people are like that sometimes. *They* often don't know when to stop. Like those who are prejudiced against someone with an accent, perhaps ... or against someone who likes a cool bottle of beer with his supper. So, in these columns I try to persuade everyone to "throw the switch" on prejudice so it won't get repeated.

babies slung in the folds of the mothers' shawls across their backs. They display their products in the Plaza, forming in groups of similar articles, like a giant department store. Pineapples are so plentiful they are sliced and distributed free to the tourists. In the market you can choose from a vast assortment of pottery carved wooden furniture and toys, hand-woven garments and blankets, shawls, silver jewelry, etc. Among the homemade furniture we even saw a coffin—just in case.

Nothing short of a large book could describe the hundreds of interesting sights and sounds we absorbed in this and the many other "pueblos" visited, and even then the "atmosphere" would be lacking.

Found Yucatan pretty warm so made most of our side trips from there by twilight, in the cool of the evening. The only objection to this was that the people in the villages, as well as the cattle and sheep, seemed to spend their evenings lying in the middle of the streets, and our driver had to drive slowly so as to just nudge the cattle to make them get up and out of our way. We enjoyed the driving at that time of the evening as we had time to investigate the many interesting places along the way.

Accommodations Varied

When we got to Guatemala we were in a conventional hotel for a few days and then went out on another five day auto trip, and had different accommodations each night—all good. One young chap is assigned to certain rooms and he sees to the comfort and needs of his charge. There is a big fire place in each room and a great box of dry pine wood and the boy comes in at whatever time you specify and makes up a roaring fire, as the mornings are a bit chilly. There is a night latch on the inside of the bedroom door, but no key to lock the door when leaving, as there is no such thing as thievery by the natives and they see no one else enters.

The waitresses in the dining rooms wore dresses, all elaborately embroidered in bright colors in native designs. The elevator man was gorgeous in his outfit. His coat was in many designs and the sides of the trousers (the seat of which had a sad sag) also were decorated, but his legs were bare and he wore sandals. He seemed to "take a likin' to us" and would run us directly to our floor, and keep others waiting.

The streets in the towns are mostly pretty narrow, and the buildings on each side haxe few windows and one door, but inside the court there is always a large garden of flowers and ornamental trees—and always some brightly colored cockatoos and parrots on perches that give us a cheery though raucous greeting.

There was something about the atmosphere that gave us good appetites and we were always ready when the first bell in the patio sounded, but we ate sparingly everywhere—just to be on the safe side. We saw too many who suffered from their indiscretions.

BALMY DAYS LAKE AT TAHOE

TAHOE CITY— Beautiful warm days continue to prevail at Lake Tahoe, with cool evenings and nights, according to the meteorological observations of A. E. Frodenberg here. Daily high and low temperatures from June 22 to the 29th were:

June 22nd: 75, 34; 23rd: 74, 35; 24th: 63, 37; 25th: 68, 35; 26th: 65, 39; 27th: 70, 32; 28th: 64, 35; 29th, low 35.

The level of Lake Tahoe Monday morning at 8 o'clock was 6228.93 feet with 9 outlet gates open.

NAMED PRESIDENT

Vernon Stoll, district attorney of Nevada County, was elected as president of the California District Attorneys Association at a meeting held at Santa Barbara last week.

IT'S WISE TO ADVERTISE!

LAST RITES HELD AT SANTA MONICA FOR MRS. STANLEY

TAHOMA— Many friends in the Lake Tahoe region and surrounding localities were saddened by the untimely passing last Thursday night of Mrs. Henrietta Ola Stanley of Tahoma. She and her husband, Ralph, had for the past six years been proprietors of the Stanola Lodge resort there. Mrs. Stanley was 43. She had recently undergone an operation and was convalescing in a Reno hospital when she suffered a relapse from complications which caused her death.

She is survived by her husband, a brother, C. Earl Charles of Puente, and two nephews, Roy Charles of Santa Monica and Donald Charles of Oakland. She was a member of the First Christian Church of Santa Monica. The Stanleys made their home in that city during the winter season.

The body was accompanied to Santa Monica for burial and funeral services were held there Monday.

Sincere sympathy is extended to the bereaved survivors. (ejv)

SAN FRANCISCANS ARE MARRIED AT NORTH LAKE RITE

KINGS BEACH— A beautiful marriage was solemnized at the home of Mr. and Mrs. John J. O'Conner on the golf course at Kings Beach on Saturday, June 27 when O'Conner's sister, Frances Stephanie Frickie, and Alex Cruz, both of San Francisco, took the vows with Judge Harry Charrison performing the ceremony. John O'Conner was best man and Ruth O'Conner attended the bride.

The home was beautifully decorated with pink and white carnations. The bride wore a navy blue suit with pink accessaries. After the ceremony a delicious buffet dinner was served.

Among the guests were Mr. and Mrs. Elwood Hansen and children, Joyce and Robert, who flew from San Francisco for the occasion; Mr. and Mrs. Jack Good, Mr. and Mrs. Walter Fricke, Ronald Myers and Mrs. Harry Charrison. The following morning the happy couple left for Stockton for their honeymoon before returning to Lake County where they will spend the summer. (hc)

EXPLORERS WILL OPEN PAHATSI

SODA SPRINGS— Explorers of the Tahoe Area Council, Boy Scouts of America, will attend Camp Pahatsi near here for a week session starting July 5, with Field Scout Executive Del Raby as camp director. The Explorer session is intended for young men of 14 to 18 years of age who are members of Explorer Posts and Boy Scout Troops.

The program will be centered around the projects of the Explorer Ratings, giving opportunity for such activities as cross-country hiking, emergency first aid and survival camping. The week will be climaxed by Tribe of Pahatsi ceremonies and a Court of Awards on the evening of July 11 for those who have earned recognition.

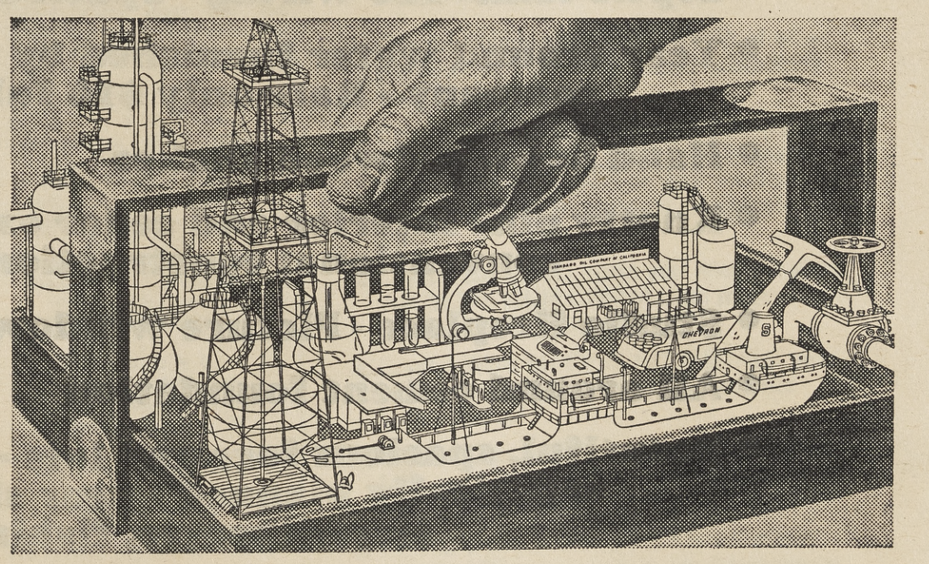
How his $51,000 tool kit works for you
Yesterday—*Manpower* and a drill rig contrived from a springy sapling, cable and drill bits sank our first wells. Since the rudimentary tools restricted their depth, they produced little oil. The "tea kettle" refineries of the day were limited, too. They utilized only a portion of the petroleum and turned out a small number of useful products.


Today—*Each of our 34,750 Standard Oilers works with an average $51,000 worth of tools.* They use diesel-electric drill rigs to tap oil pools as far as three or more miles deep. With refinery units that rearrange the structure of petroleum molecules they make each drop of crude useful. Ingenious production, refining and research "tools" like these enable Standard Oilers to make more than 1100 different products from a barrel of oil . . . gasoline 50% better than it was 25 years ago, and wear-saving lubricants; ingredients for wrinkle-resistant fabrics, low-cost plastics and work-saving household detergents; sprays to increase farm crops; asphalt for road builders, and many more. Standard's investment in "tools" to make oil serve you better amounts to $1,772,000,000. That's $51,000 worth for every Standard Oiler. With this $51,000 tool kit he not only makes more products for you—he makes them better, cheaper, more easily available. Questions or comments about our Company are welcome. Write: Standard Oil Company of California, P.O. Box 3495-A, San Francisco, California.

TAHOE TOPICS

by ETHEL J. VERNON

For over two weeks now Tahoe enjoyed perfect summer weather and it must be growing warmer in the lower altitudes, as the resort country is now thronging with summer residents, tourists and visitors throughout. Upon investigation of the northwestern resorts early this week it was found that most of them are filled and booked far ahead with reservations. The last of the large hotels and lodges on the north end were opened for business during the fore part of last week and Tahoe Tavern held its official opening on June 28.

Among summer homes opened for the season over the past week end are the following: Launce Gamble of Woodside, with his two sons, opened their home at Sunnyside; at Carnelian Bay, Dr. and Mrs. H. D. Phillips of San Francisco opened their place; from Piedmont, the Wm. Olivers and Burt Scotts and families arrived to open their summer homes at Sunnyside Beach.

Mrs. J. B. Metcalf of San Francisco, who opened her Rubicon Park place last week, welcomed her son, Larry, wife and baby daughter over the weekend for an extended vacation.

Mr. and Mrs. E. H. Ward of Pittsburg motored up for the week end to make ready their Sunnyside home for its summer opening. The Wards celebrated their Golden Wedding anniversary during the past week.

Mr. and Mrs. Scotty Donaldson, who wintered in Berkeley, motored up to look over their Tahoe Park home and visited friends in and around Tahoe City.

Mr. and Mrs. Matt Green, former residents here for many years in the past, spent a few days visiting in Tahoe City last week. The Greens, who have resided in Sacramento for the past few years, still plan to build a country home in the valley in the near future.

House guests in the Tahoe City home of Mrs. Rose Boyiarides for the past ten days are her niece and husband, Mr. and Mrs. Allan Sichel of San Francisco.

Mrs. Ethel Hancock of Reno was a guest during the past week at the Tahoe City home of her father, W. A. Simmonds.

Fred Mayhew, who is at the A. B. Saroni home at Sunnyside for the summer, was near the top of the list of lucky fishermen last week end. He took two daily limits from the end of the Saroni pier and his largest fish was a 20-inch rainbow.

A pair of fortunate fishermen last week were Mrs. Elfred Luhrs and a visiting lady friend from the Luhrs' summer home on the river. They fished from a boat in deep water off the shore from Tahoe City. The ladies took good limits in lake trout and rainbow on June 21 and 22.

Mr. and Mrs. Otto Darlin and son Freddie motored to Oakland during the past week to move the remainder of their furniture to their new home on The Cliffs in Tahoe City.

The R. C. Moores had a house party of eight bay region friends last week in their summer home at "Fernmoore." Their lake-borne launch furnished a lot of fun and fishing through the days for everybody.

Fourteen-year-old Harold Brixey, grandson of Dave Owens of Tahoe City, participated in the competitive golfing at Brockway Saturday. His father, Lowell Brixey, drove up from his central California home for the day to watch his son play in the tournament. On Saturday morning, Ben Hogan, one of the nation's top golfers, picked the boy up in Tahoe City and drove him to meet Bob Hope, famed comedian, on the Brockway course. Harold took his first golfing lesson on the Tahoe City course two years ago.

House guests at the home of Mr. and Mrs. Imon Mitchell over the weekend were Mr. and Mrs. Wm. Hommerbocker. Mrs. Hommerbocker is Mitchell's sister. Mitchell's brother, Clymon, returned here this week end from his home in Sutter and will be employed throughout the season by Bert Anderson of Pineland. Clymon brought with him his son and daughter, Dean and Linda, who will remain with him through the summer.

Mr. and Mrs. Paul Webb of Loomis have opened their summer and have with them as house guests their friends Mr. and Mrs. Patton. Mrs. Webb is president of the tri-county women's clubs organization.

S. F. JOINS FIGHT ON FOREST FIRES

SAN FRANCISCO—A San Francisco Forest Fire Prevention Committee is being organized here under the auspices of the chamber of commerce.

Purpose of the committee is to impress on San Franciscans the urgent need of care with fire in the forests. Tens of thousands of San Franciscans annually visit forest counties in pursuit of vacationing, camping, hunting and fishing.

After approval by the chamber's board of directors, the committee will undertake a widespread educational campaign here.

The killer whale has a highly developed brain.

Swanee's Letter

Tahoe City, June 28

Dear Tahoeites:

Now that sunny summer weather has arrived, a number of incidentals come to mind. The season is again at hand to remember not to leave valuables in one's car when it is parked for any period of time. Constable Harry Johanson reminds us that the huge throng of autoists now visiting our area will likely contain a few who make pilfering car a hobby or avocation. He warns against leaving valuable articles — cameras, purses, etc. — in sight on the car seats, even though the doors are locked, and advises you do not leave anything of value outside the house when you are planning to be gone for a spell, as petty thievery is likely to arrive with the vacationing hordes.

Another bit of advice worth remembering is to watch for cows and sheep being brought in along the highway to mountain pastures. Last Saturday around noon it took extra time and patience passing the large herd of cows and calves near Big Chief Camp. That same morning I passed the scene of a wreck just this side of the old quarantine station beyond Truckee, the car evidently going down a steep bank where the highway patrol was directing traffic and in two other spots dead deer lay beside the highway after having been struck by speeding cars or trucks.

Last Thursday I enjoyed the afternoon and my first picnic of the season. Daughter Marie and son Billie from Reno and Mrs. Chloris Mathewson of Sparks and daughters Karla and Marilyn stopped by and picked me up. We drove to Meeks Bay Resort and despite the earliness of the season we found a large crowd of vacationers already on hand. Saw owner George Kehlet and was shown his lovely new beach apartments now under construction which will certainly boast an ideal location right on the sandy white beach.

Captain Bud Scott's speedy cruiser "Tahoe" is now making daily trips around the lake. Last weekend 16 executives of paper manufacturing plants in New England, enjoying a convention at Brockway Hotel, took a spin to Emerald Bay with a stopover at Chambers' Lodge. Tomorrow (Monday), a group from the National Paper Box Manufacturers, convening at Tahoe Tavern, will climb aboard for a round-the-lake ride.

Lowell Brixey of Lindsay spent the weekend visiting his wife and son, who are residing with Dave Owen in the Bittencourt Tract. Harold Brixey, 14, his son, last Saturday played in golf matches at Brockway in which were entered Ben Hogan's pro, Pat Martin of Palm Springs. Harold shot 83 and Martin 76.....The Alfred Saronis, senior and junior, of Sunnyside brought back limits of trout from the Feather River country last week. Weekend guests of the Saronis were Mr. and Mrs. Harold Zellerbach of San Francisco.....The R. F. Hotle family of Piedmont is in for the season at their home south of town.....At Island Park near Lake Forest the J. Allan Brays of Piedmont and three children, Allan Jr., Kathie and Warren have arrived for summer.....Last weekend a convention of 60 Kappa Alpha Thetas from various sections of the United States made merry at Squaw Valley resort.....Mrs. Diamanta Vanni, mother of Tahoe's Pete Vanni, has arrived from her home in San Francisco to spend the summer here.....Mr. and Mrs. Jake Stuart of Lake Forest are en route to Wakita, Okla., to visit with his mother, Mrs. D. W. Stuart, and scores of other relatives and friends. They plan to return in two weeks or so.

Latest word from Kay Starratt, daughter of the A. M. Andersons of Tahoe City and winter-time events director at Sugar Bowl, is that she has completed extensive improvements at her Elbo guest ranch, north of Jackson Hole, Wyo., and has already welcomed six guests for the summer, with more expected daily. The ranch is located on a 300 acre tract with the towering Grand Teton Mountains in the background and a trout laden creek running through the property.

Mr. and Mrs. Rudolph Zimmerman of Sunnyside left Tahoe on Sunday for San Francisco where they will prepare for departure in mid-July for a European tour.....Mr. and Mrs. Thomas Bunker of Piedmont enjoyed a four-day stay at the lakeside home of the Bert Scotts, departing for home Monday. Bunker is Mrs. Scott's brother.

.....Frank Morgan of Glendale flew in to Reno on Monday from New York and took a quick trip to Tahoe to visit his lakeshore home in Sunnyside. He and his family will arrive soon to spend the summer.....Mrs. Dorothy Tissue and family of Glendale, who share the ownership of the house, are already in.

Mrs. Gerda Kvistberg is recuperating from a bad cold which has kept her in bed since last Thursday. Her grandson's wife, Mrs. James Easton of Sacramento, came up to help take care of her and took home her little daughter, Kathy, who has been visiting her grandparents, the Captain John Kvistbergs of Tahoe Park. The Eastons will return to Tahoe to spend the 4th of July holidays with the Kvistbergs here. Jimmie, well known at Tahoe where he attended school and lived for years, is now a lieutenant, j.g., in the active U.S. Naval Reserve and will be returning from a cruise on a destroyer from Mexican waters on July 3.

I am indebted to Mrs. Kvistberg for information regarding the death in a Carmel hospital three weeks ago of a former prominent Tahoe resident, Mrs. Helen Clark Park (Slater) who passed away following an illness of six months or more. She will be remembered by residents of this area who lived here about ten or more years ago with her five children. She built Holiday House, the present home of the Rudolph Zimmerman. She also will be remembered as the first woman to pay a visit upon the governor and request a snow plow on Tahoe roads in the winter—and for two years we got it. She was prominent in New York and peninsula society. She was a cousin of the late William Randolph Hearst and the daughter of the late Edward Clark of New York. She is survived by three daughters and two sons, all well known around the lake. They are Mrs. Ann Ryan of Orinda, Mrs. Frances Pillsbury of San Francisco, Miss Margaret Park of Carmel, James Park of Salinas and Capt. Charles Park, US MC, Camp Pendleton. A surviving brother in Edward Clark of Carmel. Sincere sympathy is extended members of the family.

Bishop and Mrs. Noel Porter arrived for the summer as scheduled last week and the bishop conducted services at the popular Outdoor Chapel of the Pines at 11 a.m., assisted by his son-in-law, Herman Rauh, and grandson, seven-year-old Teddy Rauh. A large attendance was on hand. The organ was out of service but it is hoped it will be repaired in time for next Sunday's 8 a.m. and 11 a.m. services. The general public is welcome.

The first Squaw Valley invitational tennis tournament held last weekend was won by Stan Smith, San Francisco, and Harold Demarest, Sacramento, who won with scores of 5-7 7-5 and 8-6 in the finals over Don Hamilton, Sacramento, and Lem Morris, San Francisco. Tournament Director Herbert Clark donated the perpetual trophy, presented to the winners by James B. Moffett of San Francisco, president of the U. S. Lawn Tennis Association, which sanctioned the Squaw Valley tourney.

Have fun on the 4th but keep it Sane and Safe. Don't forget the big fireworks display scheduled for the Tahoe City Commons around 9 p.m. Saturday night, where everyone is invited. Don't forget either that fireworks are absolutely prohibited anywhere in this area except by very special permission and under very stringent conditions. Happy 4th of July to all. As ever, Swanee.

High Button Shoes, the Jule Styne musical comedy playing this week through Sunday evening at Sacramento Music Circus, casts William Meigs as a handsome football player on the 1915 Rutgers team. He enjoys the admiring glances of several bathing beauties, much to the disgust of Jack Goode who plays the part of Harrison Floy, a small time con man. The girls, members of the San Francisco Ballet Company, are left to right: Gloria Cancilla, Sharon Shore, Constance Coler and Roberta Meyer.

FACTS FOR FOURTH OFFERED DRIVERS BY PATROL HEAD

SACRAMENTO— B. R. Caldwell, California Highway Patrol commissioner, made a pre-Fourth of July traffic safety statement, but he didn't warn, threaten nor remind motorists and he didn't predict the number of persons likely to die in accidents over the holiday weekend. Instead, he presented these facts:

Fact No. 1: The number of accidents goes up in relation to the number of vehicles on the road and the Fourth normally produces a tremendous increase in traffic.

Fact No. 2: Speed, either exceeding the speed limit or driving too fast for conditions, is the leading cause of accidents. Violation of the right-of-way, following too closely and driving on the wrong side of the road are also high on the list.

Fact No. 3: It doesn't take two drivers to make an accident. Dur- a recent weekend, 5 out of 6 fatal accidents in a single area were one-car mishaps. The drivers, careless, tired, asleep or drunk, either ran off the road, hit a stationary object or both.

Fact No. 4: All available highway patrolmen will be on duty during the two-day holiday in an attempt to stop violators before they have accidents, but 1300 officers are no match for several million motorists.

Fact No. 5: More than 9 out of every 10 fatal or injury accidents in California — there were about 70,000 last year — involve at least one traffic violation.

Fact No. 6: Over the Fourth of July three-day holiday last year 45 persons—35 on rural highways and 10 on city streets—died in traffic accidents. That's 50 per cent more than the statewide death toll for a normal three-day perid.

During his term as president, Calvin Collidge vetoed 49 bills.

Maberrys in California—

The T. L. Maberrys, who lived here several years ago, recently moved from Arizona to Covina, Calif.

Minute Ministry

by Rev. Sidney C. Winston (Pastor, Community Methodist Church at Truckee)

* * *

Expose yourself more and more to the wisdom of the Father's love and care that your fruitfulness may find favor with eternal and ultimate reality in the universe; and while you are adjusting to his matchless grace, remember that to be approved of God, "all grapes don't have to be Thompsons!" Let us pray: Our Father, holy, righteous and eternal, thy care; may we be faithful in our choices, our relationships to the "true vine" and in our fruit bearing. We brought nothing into this world and nothing may we take out of material value; may that investment in love, joy, peace, long suffering, goodness, faith, meekness and temperance sustain us, go before and follow after as we pass on to our reward in Christ Jesus our Lord, unworthy though we be. Amen.

ROTARY ENJOYS DONNER PROGRAM

Fifty-three attended the Truckee Rotary Club's meeting at Donner Lake Lodge Monday night. As a special surprise to the Ladies of Rotary, who were present, a gardenia corsage was pinned on each. Acting President Clarence Tollefson presided over the meeting during the demotion of President Charles Osburn.

Program chairman Jim Sherritt told of many amusing incidents in Osburn's past life. The rest of the program consisted of three solos rendered by Mrs. Earl Stice and a costumed dance by nine-year-old Rene' Hall.

Guests in addition to the ladies of Rotary were Messrs. and Mesdames Charles Heller, Earl Stice, Don Hall and daughter Rene', Mrs. E. Stewart, Miss Marie Osburn and Miss Willeen Smith. Visiting Rotarians were H. I. Snider of Nevada City with his daughter, Mrs. David Rose, J. Goodwin of Carson City and Don Snyder, Tahoe City.

Up from Auburn—

Mr. and Mrs. Andrew Brazil of Auburn were weekend guests at the home of Mr. and Mrs. Martin Sturcke.

O'ROURKE SPEAKER AT ROTARY MEET

TAHOE CITY— Everett V. O'Rourke, superintendent of the Tahoe-Truckee Unified School District, Tuesday at noon spoke before the Tahoe City Rotary Club on "Where We Came From, Where Are We Going." He covered the growth and development of American institutions from colonial times to the atomic age.

This was the last meeting for President Denis Sach and Secretary Don Snyder to hold those offices, following a banner year of activity. The incoming president is Howard Guth and Sach will assume the secretary post. There were over 40 members, visitors, guests at Tuesday's meeting in Tahoe Inn, including a Rotarian from Honolulu, Charles Heiser.

Guests from Placerville—

Mr. and Mrs. B. W. Reynolds were hosts this week to Mrs. Izetta Thomas and Mrs. Patricia Morris of Placerville, nieces of Mrs. Reynolds.

U.C. INCORPORATED

The College of California (University of California) was incorporated in 1855.

TESTS ARE SLATED FOR GIRL SCOUTS

Monday, July 6, the Girl Scouts and Brownie troops, with their mothers, will enjoy the day at Donner Lake. Swimming tests for badges for those qualified, games and a picnic lunch will round out the event.

Fifteen Girl Scouts of Troop No. 2 visited the local fire house, where Engineer Hes Cardinal explained the various duties of the department and Judge Fosten Wilson told them of the court procedure when traffic regulations have been violated. The group, working for safety badges, under the direction of Mrs. Fred Pedley, also demonstrated how bicycles should be ridden to comply with vehicles laws.

GREET PASTOR

Rev. and Mrs. Sidney Winston were greeted by more than 80 persons at the reception held in the Community Methodist Church on June 28, following the morning service.

July Birthdate—

Tom, son of Mr. and Mrs. N. F. Dolley, celebrated his birthdate on July 1.

NATIONAL FOREST TIMBER FOR SALE

Sealed bids will be received by the Forest Supervisor, U.S. Forest Service, Nevada City, California, up to and including 2:00 p.m., August 3, 1953, for all the live timber marked or designated for cutting, and all merchantable dead timber located on an area embracing about 25 acres within Section 20, T.17N., R.16E., M.D.M., Tahoe National Forest, California, estimated to be approximately 125 M feet b.m., more or less, of ponderosa pine and white fir. No bid will be considered for less than $29.80 per M feet b.m. for ponderosa pine and $2.10 per M feet b.m. for white fir. In addition, the purchaser will be required to make deposits for reforestation and other silvicultural work on this sale area at the rate of $2.50 per M feet b.m. for all merchantable material scaled. $1,000.00 must accompany each bid to be applied to the purchase price, refunded, or retained as liquidated damages, according to conditions of sale. The right to reject any and all bids reserved. Before bids are submitted full information concerning the timber, the conditions of sale, and the submission of bids should be obtained from the Forest Supervisor, Nevada City, California, or the District Ranger, Truckee, California.

NATIONAL FOREST TIMBER FOR SALE

Sealed bids will be received by the Forest Supervisor, U.S. Forest Service, Nevada City, California, up to and including 2:00 p.m., August 3, 1953, for all the live timber marked or designated for cutting and all the merchantable dead timber located on an area embracing about 190 acres within Section 12, T.18N., R.16E., M.D.M., Tahoe National Forest, California, estimated to be approximately 570 M feet b.m., more or less, of ponderosa pine and white fir. The appraised value of this timber according to long-term normal market and operating conditions is $13.00 per M feet b.m. for ponderosa pine and $1.75 per M feet b.m. for white fir. No bid will be considered which is less than these rates as a base rate applicable through the entire period of the sale agreement, plus an additional amount of at least $14.35 per M feet b.m. for ponderosa pine and $2.75 per M feet b.m. for white fir, which additional amounts shall be subject to quarterly calendar adjustment upward or downward by 0.5 of the difference between the base index determined as set forth below and the average of the Western Pine Association lumber price indexes as calculated by the Forest Service at the end of each quarter. Such adjustment in the additional amounts for stumpage shall be applicable to timber cut and scaled during the calendar quarter for which the adjustment is computed. In no event, however, shall the adjusted stumpage rates for each quarter be less than the basic appraised rates as first stated above. The base index for this sale is the arithmetic average of the Western Pine Association lumber price indexes for the months of January, February and March, 1953. In addition, the purchaser will be required to make deposits for reforestation and other silvicultural work on this sale area at the rate of $1.25 per M feet b.m. and to make deposits to cover the cost of hazard reduction work at the rate of $0.15 per M feet b.m. for all merchantable material scaled. $2,000.00 must accompany each bid to be applied to the purchase price, refunded, or retained in part as liquidated damages according to conditions of sale. The right to reject any and all bids reserved. Before bids are submitted full information concerning the timber, the conditions of sale, and the submission of bids should be obtained from the Forest Supervisor, Nevada City, California, or the District Ranger, Truckee, California.

Operations Scheduled—

Tonsil operations are scheduled today for Donna and Virginia, daughters of Mr. and Mrs. Harry Barnes.

Patient to Idaho—

N. F. Dolley and Charles Cozzi returned Monday night from Caldwell, Idaho, where a patient was taken by the Truckee Ambulance.

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

July 1, 1953

To Whom it May Concern:

Notice is hereby given that fifteen days after the date posted, the undersigned proposes to sell alcoholic beverages at these premises, described as follows:

The Pines, Hwy. 89, Kings Beach, Placer County.

Pursuant to such intention, the undersigned is applying to the State Board of Equalization for issuance on original application of an alcoholic beverage license (or licenses) for these premises as follows:

On Sale General (Seasonal-Quarterly)

Anyone desiring to protest the issuance of such license(s) may file a verified protest with the State Board of Equalization at Sacramento, California, stating grounds for denial as provided by law. The premises are now licensed for the sale of alcoholic beverages.

NAME OF APPLICANT:
PETE MAZZANTI

Tarzan

by EDGAR RICE BURROUGHS®

AFTER BEING DEFIED BY TARZAN, A MONGOL MESSENGER LEFT THE WATAMBA NATIVES WITH AN ULTIMATUM -- SURRENDER PEACEFULLY OR BE TAKEN BY FORCE.

THE NEXT DAY TARZAN CAJOLED, COMMANDED, AND FINALLY GOT EVERY ABLE WARRIOR PREPARED FOR BATTLE -- BUT EVEN HE WAS RESIGNED TO DEFEAT WHEN, SHORTLY, THE TREMENDOUS ARMY OF SADAR THUNDERED UPON THEM!

THE SCREAMING MONGOLS EASILY SMASHED THROUGH THE STOCKADE!

TARZAN'S NATIVES FOUGHT BRAVELY, BUT ALL KNEW THE FUTILITY OF THEIR RESISTANCE.

SOON THE ASSAULT WAS OVER. SADAR'S MEN DISARMED THE SURVIVORS; THEN, WIELDING UGLY WHIPS, FORCED THEM TO MARCH OUT ACROSS THE PLAINS.

Dist. by United Feature Syndicate, Inc.

...BY NIGHTFALL, AT THE MONGOL CAMP, SADAR ADDRESSED THE PRISONERS. "THIS IS YOUR LAST CHANCE," HE BELLOWED. "CHOOSE BETWEEN GLORY WITH ME -- OR DEATH!"

ABBIE an' SLATS by RAEBURN VAN BUREN

SHHH...THE AMERICAN GIRL HAS (GASP) ENTERED THE SACRED PORTALS OF THE SILENT ONE!

NOT A WORD HAS ESCAPED HIS ROYAL LIPS SINCE THE DAY HE DONNED HIS FIRST TURBAN!

SO YOU'RE THE SILENT ONE! WHAT'S BUTTONED UP YOUR LIPS, OH, ROYAL SPHINX?

YEOW!

THE ROYAL ONE HAS AT LAST SPOKEN!

YES...BUT WHAT MEANS THIS STRANGE SOUND HE IS UTTERING?

THE SOUND HAS A FAMILIAR RING TO MY EARS... IT RECALL THE TIME I VISITED AMERICA, AND PASSED A GROUP OF YOUNG MEN GATHERED AT A WINDY STREET CORNER.... THAT CRY WAS USUALLY FOLLOWED BY....

WE-E-E-E!!!

THAT SOUND,!! I BELIEVE OUR INTERPRETER EXPLAINED IT AS A WOLF CALL! IT HAS A SPECIAL MEANING IN SOME LANDS!

I, TOO, HAVE HEARD A SIMILAR SOUND AS I PASSED A GROUP OF YOUNG MALES IN THE MARKET PLACE CLAD IN MY BEST PANTALOONS!!

AT LAST, MY SON, THE SILENT ONE, HAS SPOKEN! ANOINT THESE OLD EARS OF MINE WITH MORE TALK, OH, BELOVED ONE!!

I-

SHUT UP, JUNIOR, I'LL DO THE TALKING!

I WANT A BIG WEDDING, POP... A COUPLE OF ORIENTAL JIVE BANDS, CAMELS, ELEPHANTS, HEAPS OF RICH FOOD... THIS HAS GOT TO BE THE BIGGEST, BEST BLOWOUT IN HISTORY. NOW LET ME TELL YOU... ETC... ETC...

ALL THIS EXERCISE HAS MADE ME HUNGRY

I'M STARVED!

BOY---I SURE COULD USE SOME FOOD

AND IT'S TWO HOURS BACK TO TOWN

SAY, DIDN'T WE HAVE A PICNIC NEAR HERE A FEW MONTHS AGO?

YES--- RIGHT OVER THAT HILL

COME ON, FRITZI--WE'RE IN LUCK

WHY?

WE HAD WATERMELON AND TOMATOES THAT DAY--**LOOK!**

OH, BOY-- THE SEEDS CAME UP!

THE CAPTAIN AND THE KIDS ®
